Hi Susan –

Just to confirm, earlier today Donna Murray should have received from me (by FedEx) the 104(e) response of HRC-Village at Little Falls, LLC and Village at Little Falls, LLC

Today, consistent with our earlier conversation, I am forwarding to you via FedEx the original wet ink Declaration page (the package sent to Ms Murray contained a pdf of that page)

Please feel free to contact me if you have any questions

Hi Susan –

As I noted in my voicemail message to you of 10:30 this morning, I have had a family emergency this week that has totally diverted my attention from work, including the 104(e) response discussed in our email exchange below. To confirm my verbal request, HRC-Village at Little Falls, LLC and Village at Little Falls, LLC request that the deadline for response to the request be extended to Wednesday, December 3, 2014.

I apologize for having to make this second request, but am confident that we will be able to meet a December 3rd deadline. Please confirm (by response to this email) that this extension is acceptable to the Agency.

Thank you

Dave

Subject: Keddy Mill Site - 104(e) Info Request

Hi Susan –

This email follows-up on my telephone message to you of this morning seeking an approximately two week extension of the response time set in the information request sent to my clients, HRC-Village at Little Falls, LLC and Village at Little Falls, LLC, related to the Keddy Mill Superfund Site in Windham, Maine. The information request letter was received by those entities on October 10, 2014, which would put the response due on Sunday, November 9.

HRC-Village at Little Falls, LLC and Village at Little Falls, LLC request that the response date be extended to Friday, November 21, 2014. Please confirm (by response to this email) that this extension is acceptable to the Agency. Thank you.
